To whom it may concern

Sustainability, Quality and Traceability of Fish Oil used in Incromege™ and Omelife™ Products

Croda has been awarded the International Fishmeal and Fish Oil Organisation's Global Standard for Responsible Production. This is in accordance with the announcement made at Vitafoods Europe, earlier this year that Croda is committed to achieving the full IFFO Responsible Sourcing (IFFO-RS) standard and in full accordance with Croda's published Corporate Social Responsibility policies.

This is the first step towards Croda's aim to become the first concentrated fish oil supplier to achieve the full IFFO-RS responsible sourcing standard. This standard requires responsible marine sourcing, advanced production methods and raw material traceability.

Croda fully supports the IFFO initiatives to improve standards throughout the fish meal and fish oil industry and supply chain.

Dr. Iain Moore
